

Talk on Smart India Hackathon 2022 by Dr. Abhay Jere, CIO, MIC

Greetings from MIC and AICTE.

The Ministry of Education's Innovation Cell (MIC) in coordination with All India Council for Technical Education (AICTE) has launched Smart India Hackathon (SIH) 2022 during the National Innovation Week held under the initiative of Azadi ka Amrit Mahotsav on 11th Jan 2022.

In the last 5 years, SIH has evolved into the world's Largest Open Innovation Model to solve some of the pressing problems we face in our daily lives, and thus inculcate a culture of product innovation and problem solving mindset. Moreover, the Hon'ble Prime Minister of India has applauded the SIH initiative on multiple occasions which has helped to kick-start the hackathon culture in India. The previous editions of SIH have proven to be extremely beneficial for the students in establishing startups and employment opportunities in various organizations.

Likewise, the previous editions of SIH, this year's edition also focuses on software and hardware approaches to develop innovative solutions against the challenges faced by India's governing agencies including Ministries, Departments and PSUs as well as various private organizations.

Single Point of Contact (SPOC) registration for the institute faculty is now open on the SIH Portal (www.sih.gov.in).

Also, a first talk on Smart India Hackathon 2022 is scheduled to be held on 9th Feb at 3 PM by Dr. Abhay Jere, CIO, MIC. We request all the institutes faculties and students to join in for the session to know more about SIH 2022.
