About MVSREC

Maturi Venkata Subba Rao (MVSr) Engineering College was established in the year 1981. It is one of the premier institutions of Telangana state that pioneered Engineering education in private sector. The college is accredited by NBA, NAAC and an ISO 9001:2015 certified institute affiliated to Osmania University. It has 7 undergraduate and 4 postgraduate programmes with over 250 well qualified faculty and 200 non-teaching staff.

About Department of AS&H

The department of Applied Sciences was established in the year 1981. The department offers Courses in Mathematics, Sciences and Humanities to the students of the BE program. The present intake of students at the first year level (in the branches of Civil, CSE, ECE, EEE, Mech, IT, Automobile) is 1020. The Department has a team of 41 well qualified committed and experienced teaching staff with 18 Doctorates. The aim of the first year instruction is to equip the students to apply the knowledge of Mathematics, Basic Sciences and Humanities in understanding the Core Engineering subjects. Beside the primary job of teaching, the faculty have been publishing research papers in several reputed national and international journals and also have authored several books.

About Department of Mathematics

The department has 11 faculty out of which 3 are doctorates and remaining are pursuing Ph.D.. All have rich research and teaching experience. The department has strongly motivated faculty with diverse specialization in Pure Mathematical/ Applied Mathematical and Statistical Sciences. Mathematics is back bone of all Engineering sciences. The objective of the department is to motivate, educate and train the students at all levels. The department also contributes substantially towards organizing extension programmes such as conference, workshops and faculty development programmes on the latest topics. Further the department also organizes Mathematics Olympiad exam for the B.E. first year students of the college.

Objectives of the Conference

The MASTER-2021 aims to bring together all academicians, researchers and other experts for knowledge sharing in Mathematical Sciences. This conference will serve as an interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Mathematics and Statistics.

Call for papers

The Department of Mathematics, MVSREC, Hyderabad invites faculty members, Research Scholars, Scientists, Engineers, Professionals and Post-Graduate students to submit their research findings for conference . The conference includes the following topics (but not limited to)

- ❖ Computational Fluid Dynamics(CFD)
- ❖ Mathematical Modeling
- ❖ Boundary Value Problems
- ❖ Operations Research
- ❖ Numerical Analysis
- ❖ Graph Theory
- ❖ Applications Linear Algebra
- ❖ Fixed Point Theory
- ❖ Fuzzy Logic
- ❖ Functional Analysis
- ❖ Time Series Analysis
- ❖ Design of Experiments
- ❖ Regression Analysis
